

## Book of Mormon Scripture Summary Tour

This Book of Mormon scripture summary tour is intended to allow a reader unfamiliar with the text to get a very condensed summary of the 531 pages of the Book of Mormon by jumping the reader through some of the main parts of the book. This summary hits some of the scriptures most beloved by members of The Church of Jesus Christ of Latter-Day Saints. It should take most people about two hours to complete. The page numbers are based on the paperback version of the Book of Mormon. Although it hits many of the highlights, this summary misses many other significant parts of this amazing book. So while this provides a good overview, it is highly recommended that the whole book eventually be read.
